RE: MB Docket No. 10-56

Dear Chairman Genachowski and Commissioners:

I am writing in support of the new business partnership proposed by Comcast and NBC-Universal. As a member of the Florida House of Representatives, I take seriously my responsibility to promote the welfare of Floridians. Throughout the years I have been in office, Comcast has exhibited excellent corporate citizenship in the Jacksonville, Florida community and has been a valued economic asset.

I am a supporter of the AmeriCorps Duval Reads Early Learning Program, and am aware that Comcast has helped this organization promote literacy in Florida. This AmeriCorps program provides reading tutorial to elementary and middle school students, and sponsors community events that promote adult and family literacy. Comcast's commitment to non-profit organizations also extends to many other local service organizations as well as to various larger national non-profits.

Comcast is a positive social and economic force in the Jacksonville area. Comcast employs many local citizens to staff its call center. Its comprehensive broadband services also provide numerous opportunities for local business people. Many small and mid-size business owners rely on Comcast broadband technology to widen their reach nationally and internationally.

Sincerely,
